

Strategic Priorities 2023 - 2027

VISION *The Best Care for Everyone*

MISSION Comprehensive team-based primary health care in Guelph and area.

VALUES Collaboration | Inclusivity | Knowledge | Sustainability | Trust

Improve Access to Primary Care

We will...

- Support patients in need of family doctors
- Collaborate with patients and community partners to better understand primary care access needs

Support Workplace Wellness

We will...

- Enhance team member and physician engagement activities
- Develop and implement strategies to support individual and team well-being

Embed Equity, Diversity and Inclusion

We will...

- Integrate Equity, Diversity and Inclusion learnings into our everyday work
- Continue to implement progressive patient care and workplace policies

Create a Culture of Sustainability

We will...

- Be a leader in Primary Care green health strategies and practices
- Optimize Primary Care resources to meet the rising care needs of our growing and progressively aging community

Advance Digital Health

We will...

- Implement a 3-year plan for the equitable and effective use of digital tools and communications
- Protect patient and provider privacy and security
